

Chapter 10: Assignment Option #4

A Major Mind Map on After School Services

Using the following starting points, choose one kind of after school service that you think might be appropriate for your school and map the connections.

- Target group (students, parents)
- Financial (pluses and minuses)
- Community support (general pros and cons)
- Specific sources of support (financial, political)
- Administration of facility (within the school, with community)

Once you have gone as far as you can with the map, draft a plan for introducing the service.
